

## 7<sup>th</sup> ALGOA & 2<sup>nd</sup> GAOD Summits

### “Regenerating More Resilient, Sustainable Local Food Systems”

(Oct 26<sup>th</sup>~29<sup>th</sup>, 2021, Goesan County, South Korea)

#### 1. Rationale of the 7<sup>th</sup> ALGOA & 2<sup>nd</sup> GAOD Summits

The theme of this year’s Summits focuses on the recovery and re-building of better and more resilient, sustainable food systems under the COVID-19 pandemic. Many lives have been sacrificed and impacted by the pandemic, targeting the poorest, marginalized and the under-represented sectors of the society.

Invited speakers from all sectors will give their valuable inputs on their experiences under the COVID-19 pandemic and will contribute to the action plans to be implemented to bring about the transformation of our food systems.

The role of the organic districts in the transformation of the food systems will be analyzed in the different GAOD working groups and ways of emulation and implementation in different continents would be examined.
